

**OMER.**  
BREATHLESS EMOTIONS

***2012 SEASON***

## BLACK MOON WETSUIT

- New wetsuit with black/grey camouflage.
- Same features like Camu 3D and same price.
- Available in 5 and 7mm Jacket and high waist pants.

## CAYMAN G.I. Speargun

- **Great return of Cayman with Integrated shafting guide system.**
- **Very interesting price.**

## CAYMAN Sport speargun

- Cayman Sport replaces the Excalibur Sport.
- It features the same fittings, PR80 6,5mm shaft, standard wishbones and Top Energy rubbers.

## CAYMAN Spearguns

- **Cayman with standard barrel family will be the following:**
  - **Cayman GI** (with integrated shafting guide system, 6,5mm Stainless steel shaft, Articulated French wishbones and 16,5mm Top Energy rubber).
  - **Cayman 2000** (round barrel and same fittings as Cayman G.I.)
  - **Cayman Sport** (round barrel, PR80 shaft, standard wishbones and Top Energy rubber).

## EagleRay Fins

- Interchangeable blade and thermo rubber foot-pockets.
- Very good price / quality.
- First competitor on the market ESCLAPEZ or Shout by SEAC in terms of price, but it is a nicer product
- Available in 4 sizes: 40/41, 42/43, 44/45 and 46/47.

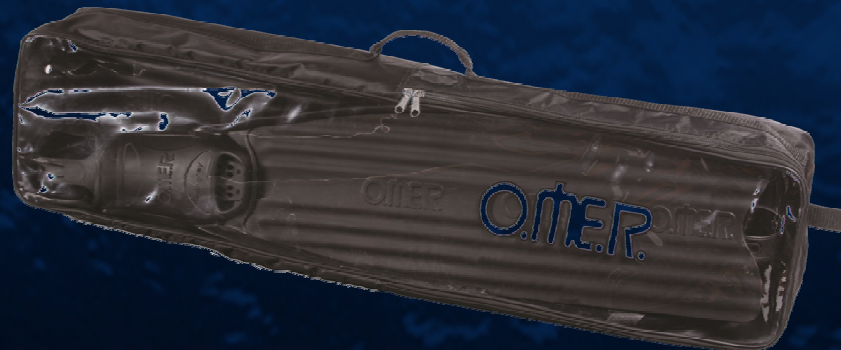

## EagleRay KIT

- Kit with EagleRay fins, Alien mask black silicone and Zoon snorkel.
- PVC nylon holding bag.

## SunRise torch

- SunRise New Torch.
- 16.000 Lux Power thanks to the new Recoil System Technology

## SunRise Torch

- Possibility to adjust the micro-beam, to fit the torch to suit your personal needs.
- Standard Switch ON/OFF.
- About 3 hours of continuous use. Weight in air with 4 alkaline batteries is 247 gr. (not included)

## **ZERO3 Mask by MOMO Design**

- **The best ever made mask and the best available on the market.**

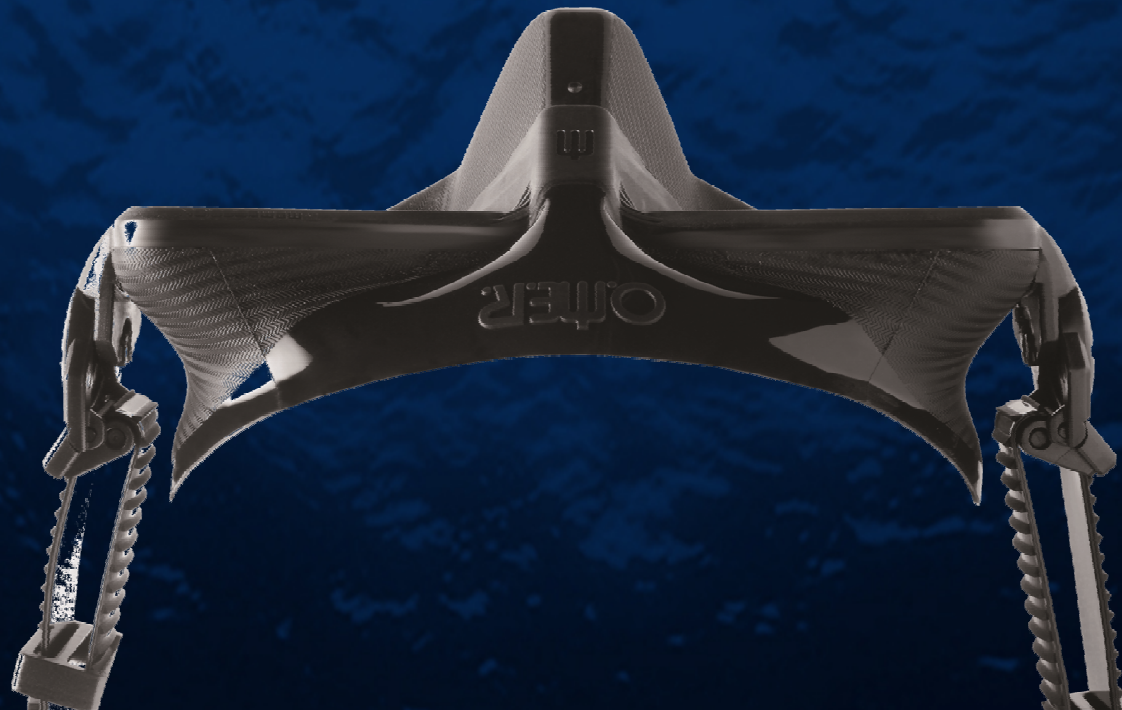

## ZERO3 Mask

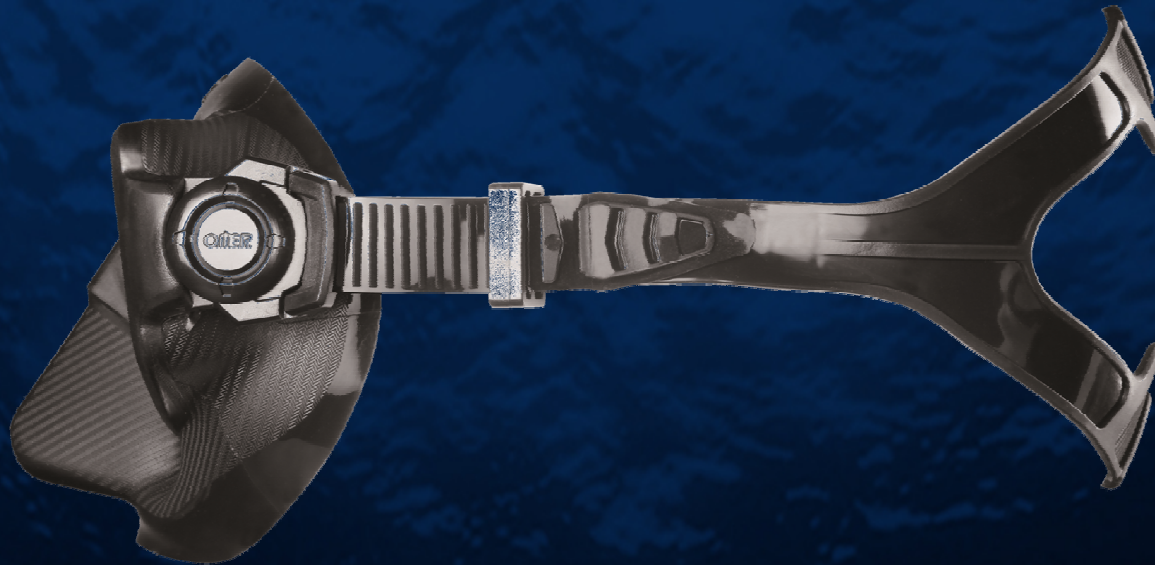

**Realized with MOMO Design. Great accuracy in details.  
The smallest inner volume ever obtained for a mask.**

## ZERO 3 mask

- Exclusive design created in cooperation with MOMO Design.
- The field vision is 30% higher, compared to a classic mask.
- It features some milled surfaces that prevent sunlight refraction and ease compensating, as gloves don't slip when you hold the nose.

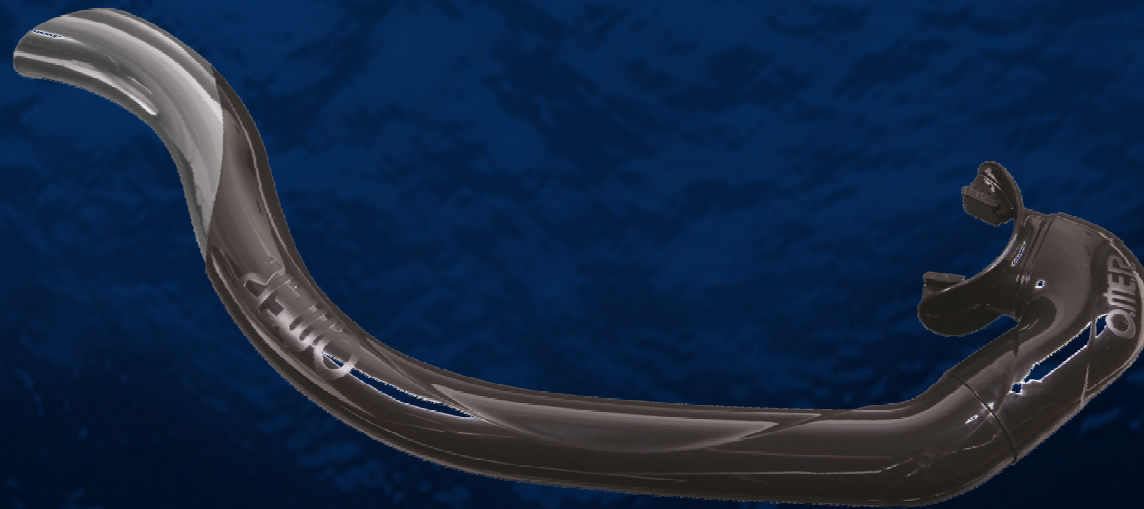

## SLALOM snorkel

- Made with two different materials.
- Terminal part is softer in order to avoid risk of pegging the snorkel to the rocks when you are in caves.

## SLALOM snorkel

- Designed to perfectly adhere to the head, to increase hydrodynamics
- The shape reduces any protruding part, facilitating movements.
- Slalom geometry reduces the entry of water . Bigger section to facilitate ventilation.

## Caravella Float

**Perfect for Blue Water Hunting.**

**It can be filled with 2 bar pressure, 35 lt. Volume.**

**Equipped with two S.Steel D-rings positioned below the float to prevent sinking and to force the prey to run away horizontally and not straight to the bottom.**

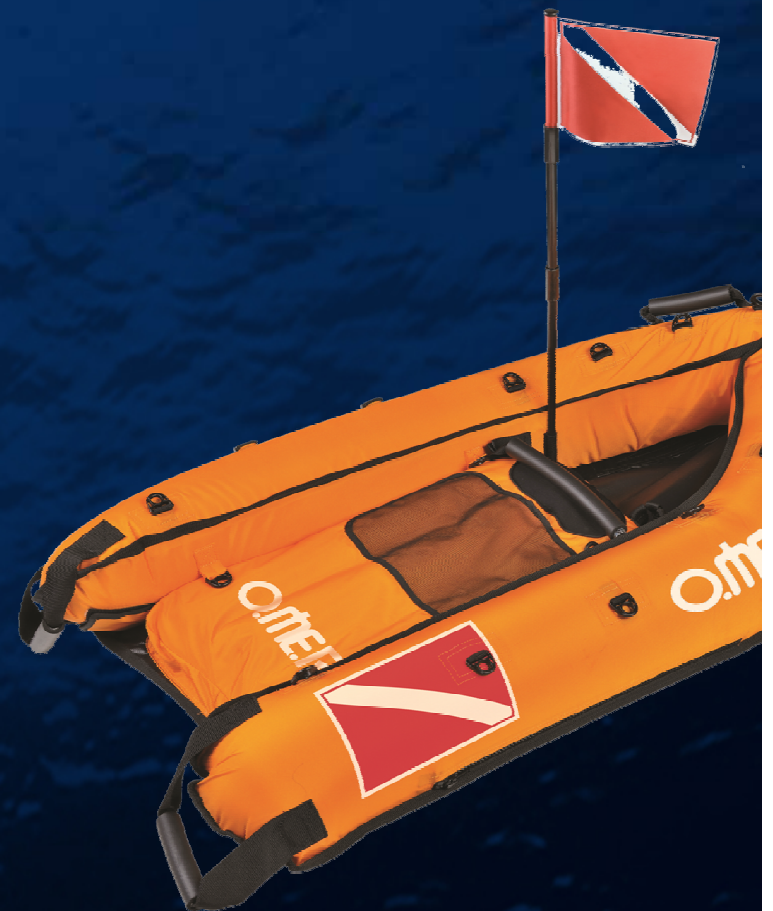

## Clipper Board

Large inflatable board, for those who spend several hours at sea.

It allows to lay on it to cover long distances.

The bottom is made with reinforced PVC. It features 4 independent chambers for maximum security.

It can be carried in a mesh bag (included).

## SOFTSHELL Wind Jacket

**Wind jacket with  
waterproof  
zippers and  
inside warm  
material.**

**The best for the  
boat, but even  
for free time.**

## OMER TEAM trucksuit

- Made with soft and warm fleece, jacket and pants are available separately.
- To identify yourself with the OMER Team.

## Polo OMER TEAM

- Nice cotton, 5 sizes.

## OMER Speedo

- Speedo for both swimming pool and to be weared under the wetsuit.

## ACCESSORIES

by Marco Bardi

*Marco Bardi*

## CARPET BAG

- Multifunctional bag. Once opened it can be used as a carpet where to stand when wearing a wetsuit.

## Neoprene valve LIQUID OUT

- This neoprene valve allows the divers who spend many hours in the water, to urinate without having to take the wetsuit off.

## Protection cone for wishbones with spheres

- Designed to protect the wishbones, avoiding friction between wishbones and spargun barrel. Particularly usefull when using double slings.

## Nylon fabric flag

- The most important accessory for your safety.
- Made with nylon, signals the presence of a divers.
- To be placed on both the buoy and the boat.
