Neoprene

Titanium coating

Fins

Designed according to 3 main principles of mechanical fluides :

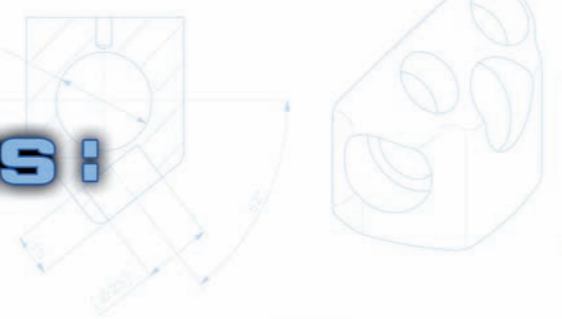

- 1 - maximum hardness of water molecules;
- 2 - channeling and speeding up of water molecules;
- 3 - reduction of marginal turbulences.

- Foot pocket bi-material SEBS.
- Internal shoe made in soft material for comfort.
- External shoe with side rails made in flexible material with a high mechanical strength.
- Interchangeable fin's blades.
- Shape of the trailing edge designed for improving hydrodynamics.
- Thickening of trailing edge for shock resistance.
- The technopolymer blades are powerful, flexible and unbreakable.
- 3 screws stainless steel.
- A stability and a propelling power efficient for increasing performances and safety.

E-tek glass fiber

Spearfishing fins with stabilizer clamps and interchangeable blades.

E-TEK fiber

Sizes:

- T1 = 8 - 9,5;
- T2 = 9,5 - 11;
- T3 = 11 - 12,5.

- spare blade length: 77 cm (or approx 30" for size 43-45);
- total length: 88 cm (or approx 35" for size 43-45);
- length of the water flow guidance: 62 cm;
- weight: 2,210 kg = 4,872 lbs for a pair size 43-45;
- color: grey/black.

Technical specification:

- pre preg fiber glass high modulus / epoxy resin made by high pressure hot moulding;
- logo JB Esclapez and spotting "E" symbol made by "printing" process;
- removable blade / tapering thickness / high flexibility and powerful / flexibility camber optimised for maximum propelling output.

Accessories

Isotherm bag's, beacon buoy ...

Shellfish netbag

Ideal for shellfish.

REFERENCES	MODELS	VERSION	COLOR
7SAFV	Shellfish netbag	50 kg	green

- Net bag ultra resistant nylon;
- Ergonomic handle with latch;
- Easy to open with gloves;
- Support a 50kg loading;
- Opening lined with polyethylene transparent canvas;
- Lining is 30 cm from the opening with a triple sewings on edges.
- Easy insertion of all types of shellfish.
- Length 60 cm;
- Bottom width 50cm.

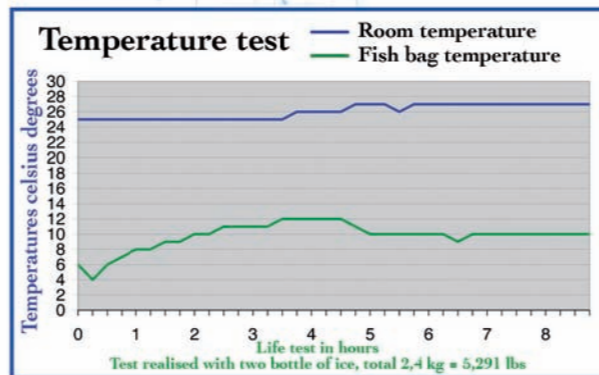

Fishbag 65 & 90

Isotherm bag waterproof small and big size.
Designed to carry, isolate and preserve your catches safely and cleanly.

REFERENCES	MODELS	VERSION	COLOR
71S02B	ISOTHERM BAG	65	White
71S0	ISOTHERM BAG	90	White

Not bulky when folded

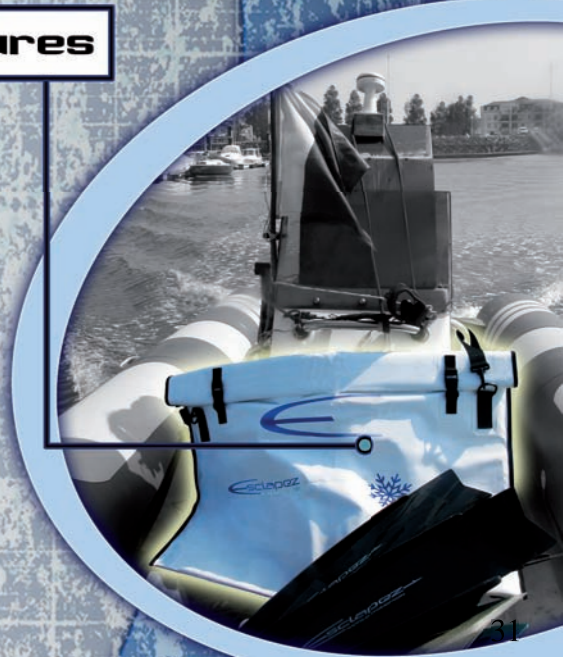

Waterproof, isotherm and keep the fish clean

Can easily be tied to your boat structures

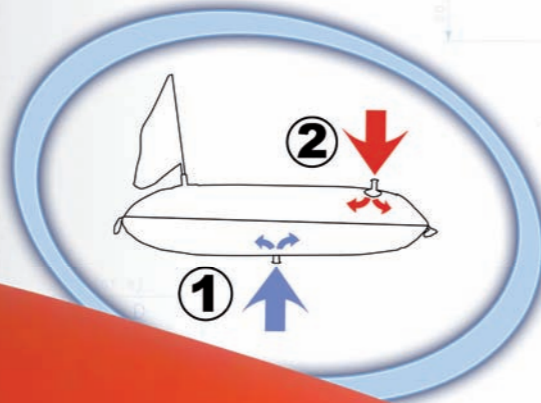

- Sizes : 650X550 mm or 750X900 mm.
Capacity : 20 or 30 kg.
Material :
- external tarpaulin 1000d: food quality;
 - 2 carrying straps;
 - 2 locking straps;
 - reinforced external bottom;
 - 1 drain plug;
 - food quality internal PVC sheet.

Torpedo Buoy

A double-bladder strength inside a simple-bladder buoy.

REFERENCES	MODELS	VERSION	COLOR
7BOSR	Torpedo buoy	-	Red

- Single cover torpedo buoy;
- 2 air chambers;
- 4 mm (0,15 in) thick wall;
- Dimensions: 30 cm width (11,8 in) X 89 cm length (35 in);
- Weight 0,5 kg = 1,1 lbs;
- Delivered with 17 m red or yellow floating rope + a red flag.

Beacon - buoy
